THE QUILT-ALONG

THE BOMB

This is the fourth block within our Zelda: The Quilt-Along, released on April 15th, 2015. This block is of **The Bomb**, which was an item that Link would use to attack his enemies. He would find these items throughout the world or could purchase them from a character that sells helpful things. Link would set a bomb down near one of his enemies and quickly get away quickly or he would also be hurt by the explosion. Bombs are also used to get to new areas on the map of the game, which Link could access after blowing up specific rocks or doors.
